

MISSION:

LET'S TAKE ACTION!

COLOUR YOUR ENVIRONNEMENT

EXPLANATION SHEET

WHAT IS IT?

Your mission is to do as MANY acts as you can in order to help your environment: the Magdalen Islands!

THE GOAL?

Develop healthy habits for the environment. It's great to do good deeds from time to time, but the important part is to repeat and to continue doing them!

HOW?

Each gesture that you do to help the environment gives you 2 Phil à Mophile!

Did you create a new activity to take care of the environment that isn't in the ABC? You can earn 5 Phil à Mophile!

If your family members participate with you, you will be able to multiply the number of Phil à Mophile for that act by the number of people participating in it!

MISSION:

**LET'S TAKE
ACTION!**
